#### TRAINING INFORMATION

It is your responsibility to bring all of the gear necessary for training. Bring your bong, sticks, training dan gum, hyung dan gum, jang gum, jukto, canes, fans, sparring gear, any protective gear (aka cups) etc. Black Belts should remember to bring *everything* – you never know what will be necessary. There will be limited numbers of unique training materials (sticks and canes), but those wishing to continue training in these areas (especially stick certification) are encouraged to procure their own materials from their instructor before attending.

Participants in the Primary Training sessions will be grouped into Teams by age and rank. This will allow the instructors to tailor each session to best match the skills and capabilities of the participants.

#### BONUS TRAINING

In order to provide the opportunity for in depth instruction and achieve our goal of building a permanent headquarters, we have created the certification program system. Each of these programs is designed to help a student study a topic in depth. Each new module builds upon all of the previous modules. Therefore it is imperative that students practice the material in between association events. Students wishing to progress can be evaluated at the next association event to become certified in previous module. Included in the process of certification is a \$20 donation to the World Tang Soo Do Foundation's Building Fund.
